4. How to Use This Register

Adding a New Program

1. Create the supervision program using JDS-TMP-LOG-005
2. Assign a unique program ID (format: `SP-[NNN]`, e.g., SP-001)
3. Add a row to the Active Programs table above
4. Set status to ACTIVE
5. Set Next Review to 12 months from issue date

Updating a Program

1. After annual review (JDS-TMP-LOG-007), update the row: - Update Next Review date - If the program was revised, note the new revision in the supervision program document
2. If a program is suspended or closed, update the status

Program ID Format

```
SP-001    ← Sequential number, unique across all clients
SP-002
SP-003
...
```
